

**Workforce Development Board (WDB) of Contra Costa County
Business & Economic Development (BED) Committee Charter**

Charter Element	Charter Agreement Information
Business Objective	The primary objective of the Business & Economic Development (BED) Committee is to meet the workforce needs of high-demand sectors of the local and regional economies.
Case for Action	<p>As we advance our work toward realizing our vision for creating shared opportunity and economic prosperity, a number of key factors drive our work:</p> <ul style="list-style-type: none"> • Good jobs in today’s economy and labor market require workers to have a growing level of knowledge and skill in order to compete for them; • The employment gap is widening between those with higher levels of education and credentials and those who lack them; • Jobs are growing at both the high-skill and low-skill end of the labor market, while growth of “middle skill” jobs has been lagging; however, the retirement of baby boomers from the labor force will create openings in nearly every industry and occupation; • The incoming workforce does not have the education and skill-sets needed to perform many of these jobs, as manifested by a continued lag in the educational attainment levels of young people (although beginning to show some signs of improvement, student preparedness for post-secondary education remains very low); and • The difference between supply and demand indicates that there is a “skills gap” between what most workers have to offer and what businesses need, creating the urgency to develop and support new strategies that can better equip and train people for jobs in today’s economy.
Requirements	<p>The BED Committee will:</p> <ul style="list-style-type: none"> • Analyze and understand trends in order to respond to business needs • Bring industry and education together to address workforce needs in priority sectors • Collaborate with industry and education partners to develop solutions for workers to acquire essential skills in high-growth, high-demand sectors • Work with WDB partners to develop an array of innovative workforce services supports • Support development and evolution of regional workforce and economic development networks to address workforce education and training priorities
